How to fill out the registration form?

About the PowerPoint Session

There are **three ways to participate** to the conference:

1. Physical participation at the conference and it involves the oral presentation of the paper (technical support for PowerPoint presentations will also be provided, if needed). In this case, please choose **in the Registration Form** the option “**a) 10 -15 minutes oral presentation**”.

2. PowerPoint Session via the GoRef system is designed for people who cannot be present at the Conference venue. In this case, please choose **in the Registration Form**, the option “**b) PowerPoint Session via GoRef**”.

If you choose **GoRef system**, you have to send a PowerPoint presentation via the Conference e-mail (**fss_conference@yahoo.com** or **fss_conference@yahoo.ro**) that will be loaded into the database by the Organizing Committee of the Conference. All PowerPoint presentations uploaded on GoRef, will run in a different hall of the university, in a separate section of the conference, moderated by a person, and anyone interested in the topic may participate in that section. There **is no on-line intervention** from the person who sent the PowerPoint presentation.

We have not set a minimum or maximum number of PowerPoint slides for the presentations. Presentations can have as many slides as you think you need, so that the proposed theme is covered.

If you have topics related to child protection and choose the **PowerPoint Session**, you **will be directed to ChildHub** System. In this case you have to send a PowerPoint presentation via the Conference e-mail (**fss_conference@yahoo.com** or **fss_conference@yahoo.ro**) that will be loaded into the database by the Organizing Committee of the Conference. All PowerPoint presentations uploaded on **ChildHub**, will run in a different hall of the university, in a separate section of the conference, moderated by a person, and anyone interested in the topic may participate in that section. In this case, the **on-line intervention** of the person who sent the PowerPoint presentation **is required**, through the **ChildHub interface**.
